* Global leader scholarship examination is a new type of admission exam conducted at Narita campus. The focus is on the strong motivation of the applicant, who wishes to provide "Team care medicine" overseas as professionals and offer high-level medical services. Students with exceptional scores among applicants will be divided into scholarship A or scholarship B.

* Total number of students admitted for high school recommendation will be the sum of open admission and school recommendation.

* Through scholarship admission exam, Scholarship S, scholarship A, and regular students will be selected.

* Total admission for general examination will be the sum of examination Primary and Secondary.

* Through General examination and National Center Test, scholarship B and regular successful applicants will be selected. (Narita School of Health Sciences)
